WELCOME TO THE SPELLING BEE

To: Parents and Participants

On behalf of the Spelling Bee of Canada board, chapter presidents, and team we would like to formally welcome and congratulate you on taking a big step towards your literacy journey.

The SBOC program is designed with a focus on providing programs that support youth to learn and grow academically, socially, and beyond through casual competition, camaraderie, and community. We hope that in your participation in SBOC events and as a competitor in the **SBOC Regional Competitions** across Canada, you reap the benefits we intended when we created these programs for you.

We are so proud of your accomplishments and dedication to literacy. We wish you all the best!

- Nagina Prammar, President, Spelling Bee of Canada

NOTES ON THE COMPETITION

The first phase of the competitions will be participation in the SBOC Regional - Chapter Bees. The first place winners in each category will advance to participate in the SBOC National Championship Bee.

We are providing you with this document, the **Official Primary SBOC Study Guide**, which includes instructions, rules & regulations, spelling guidelines and the 'Official SBOC Manual Word list' which you will be tested on during the manual rounds of the competition.

We hope learning these new words is beneficial to your life as much as they are helpful in preparing for your competitions. As a reminder, if you purchased add-ons during registration, such as the SBOC Primary Online Learning Platform (OLP), Online or in-person coaching, we implore you to take full advantage of those learning options.

ON COMPETITION DAY

This study guide is not allowed in the audience during the competition. If the competition is online, then the study guide should not be present in the contestant's room. We request that members of the audience do not help the participants during the competition.

All participants should sign in one hour before start time or as indicated by their chapter president. Those not in their seat/online at the start time will not be eligible to participate.

VOLUNTEERING OPPORTUNITIES

Parents, students, and all interested individuals are welcome to volunteer with us. Please complete a volunteer profile form to give to the chapter president or send to SBOC office via email or fax. Volunteer applications can be downloaded from the SBOC website or discussed with your chapter president.

WELL WISHES

Thank you for your participation. We consider any child or youth who studies the given lists of words and other words and appears on stage/online to participate in the Spelling Bee Competition to be a WINNER! Everyone who participates will receive a certificate for their personal efforts.

GOOD LUCK!

AN INTRODUCTION

WHO ARE WE?

Spelling Bee of Canada (SBOC) is an educational organization that encourages youth, parents, teachers, and the community at large to participate in the education process.

WHAT DO WE DO?

The SBOC organizes annual family of schools and community spelling bees aimed at children and youth 6-14 years of age. The participants are placed into one of three categories: **Primary - ages 6 to 8, Junior - ages 9 to 11, and Intermediate - ages 12 to 14**, to vie for cash, trophies, and prizes. Students aged 15+ are encouraged to volunteer and become mentors to participants in their chapter.

WHY DO WE EXIST?

The Spelling Bee of Canada was established in response to a need within the community for a stimulating educational programme outside the regular school curriculum which would focus specifically on English language basics. The SBOC's programmes are designed to contribute to the development of our youth's self-esteem by creating pride in academic achievement and, in the process, help to build a solid foundation for their future education and careers.

WHERE DO WE OPERATE?

The Spelling Bee of Canada was established in the Greater Toronto Area in 1987 and led to the development of an Ontario Spelling Bee. SBOC is now unifying all the provinces for a National Spelling Bee. To date, over 75,000 children have participated in the programme.

HOW DO WE OPERATE?

The SBOC is a registered charity (#890470198RR0001). The SBOC depends on local businesses, organizations, and individuals to contribute time, materials, services and/or funds.

VALUES

MISSION

- Enrich the learning experience of our children and youth through growth in English vocabulary, public speaking; and promote self-confidence.
- Engage children and youth, parents, schools, businesses, religious institutions, and the community at large in a yearly education process.

GOALS

Our programme goals are to:

- Provide children and youth between the ages of 6 and 14 with the opportunity to participate in a positive spelling competition to improve their English language skills, spelling capabilities, comprehension, and communication skills.
- Develop self-esteem, confidence, and interpersonal skills of students by exposing them to positive role models, tutors, and peer support throughout the course of preparation for the bee, competitions, and year-round follow-up activities.
- Promote community-based partnerships by engaging members of various communities in advancing the benefits of the Spelling Bee, getting children and youth involved, and promoting the importance of education, especially reading, writing, comprehension, and spelling.
- Build a network of young people who will act as peer mentors for other students.
- Play a key role in supporting the academic growth of students, especially in the areas of reading comprehension and spelling, through collaborative partnerships with libraries, religious institutions, individual schools, and community-based educational programs.

MANUAL RULES AND REGULATIONS

1. An official will read rules 1 to 15 aloud before the beginning of each contest and, when the number of competitors has been reduced to two, the official will read rules 16 to 17 unless those present agree unanimously to waive the reading of the rules.

2. The Pronouncer, judge(s) and other officials will be in complete charge of the contest. Any questions or protests about the spelling(s) of a word or the running of the contests must be referred to the officials immediately (before the beginning of the next round). Their decisions will be final in all matters.

NO PROTEST WILL BE ENTERTAINED AFTER THE CONTEST HAS ENDED.

3. For each contest, there will be an Arbiter whose duty is to hear any protests as they arise and decide on them before the contest continues. The Arbiter's decision shall be final. If possible, each contest should be videotaped or recorded by bee officials so that any point of contention may be reviewed.

4. This competition is open to all contestants ages 6-8 (Primary), 9-11 (Junior), and 12-14 (Intermediate).

5. In competition, all words will be chosen from official lists verified with Dictionary.com and provided by Spelling Bee officials. The official list is the final spelling authority for the competition.

6. In-Person/online Competition: Preliminary rounds will be held in each chapter, using official word lists and the listed rules and regulations. Online Competition: Preliminary rounds will be held in each region over Zoom, using official word lists and the listed rules and regulations.

7. The competition will be oral; contestants must spell the words orally and the use of pens and/or pencils and paper will not be allowed.

8. Contestants may pronounce their words before spelling them, after spelling them, or not at all.

9. For all words with capitals, the speller must indicate the capital. For example, if the given word is "Ottawa" the speller must say "Capital O t-t-a-w-a."

10. Once a contestant has begun to spell a word, they may not ask for a word to be re-pronounced, defined, or used in a sentence. Also, having started to spell a word, a contestant will not be given an opportunity to change letters already pronounced. A speller may retrace provided that letters and their sequence are not changed in retracing. **Spellers must make it clear that they are going to retrace before they start retracing. (i.e., by asking, "May I start again?").** Spellers are required to indicate capitals. Apostrophes and other punctuation are not required.

11. If a word taken from the word list is unclear to a contestant, they may ask for the word to be re-pronounced, but will not be given a definition or a sentence, unless the word is a homophone in which case the Pronouncer must give the definition and an example sentence without being asked. The contestant must give the spelling of the word as defined, not a homophone of the word.

12. If a word has more than one acceptable spelling, any spelling listed in the word list, tie-breaker list, or Dictionary.com for that word will be accepted.

13. Officials may disqualify any contestant who ignores a request to start spelling their word within a reasonable length of time. Also, A SPELLER WHOSE SPELLING OF A WORD IS NOT AUDIBLE TO THE OFFICIALS MAY HAVE THEIR SPELLING RULED INCORRECT.

14. When a speller fails to spell a word correctly, the next contestant, in the same round, will be given the same word to spell.

Note: Rule 15 is for the tie-breaker rounds only. (Please note that during the tie-breaker rounds, a new list of words is introduced. These words are not listed in the Official Primary Manual Word List, 2026 Edition). The table officials will announce, “We are now switching to the tiebreaker round.”

15. If a tiebreaker word is unclear to a contestant, it is the responsibility of the contestant to request that the word be re-pronounced, defined, and/or used in a sentence. The Pronouncer will grant the request(s) until the officials agree that the word has been made reasonably clear to the contestant. If a word is a homophone, the Pronouncer must give the definition and an example sentence without being asked.

16. The elimination procedure changes when the number of contestants is reduced to two. At this point, when one contestant misspells a word, the other contestant will be given the opportunity to spell the same word.

17. If the second contestant spells the word correctly, plus the next word on the Pronouncer’s list, then they will be declared champion. If the contestant misspells the word on the Pronouncer’s list, then both spellers continue in the contest.

If both contestants misspell the same word, then both continue in the contest.

Online Rules x SBOC Regional Competitions

Please **read** all the online-specific rules and guidelines (lettered A to O) for the SBOC online competition. These online rules are in addition to the manual rules in this SBOC study guide (word list). For online competitions, we **may** have 2 study guide-based rounds before we switch to the tie-breaker round.

If you have any issues or concerns regarding accessibility or accommodation, please notify SBOC via email at least 2 weeks before the competition.

At the beginning of the competition, the Judge will read the Pledge of Honour, and contestants will be asked to verbally affirm that they will compete fairly and honestly and not lie, cheat, or commit other offenses that would make the competition unfair.

You will receive a warning upon violating 1 or more of the following online rules. Contestants will receive up to 3 violations, any of which may be subject to disqualification.

TECHNICAL REQUIREMENTS

Please ensure you meet the technology requirements on [Zoom's support page](#) to participate in the online competition. Refer to our [technical guide](#) or general outline below:

A. A desktop, laptop, or mobile device with a webcam, microphone, or wired headphones where the Zoom app or web interface can be utilized.

B. A webcam video quality depicting the distinct and discernible features of the contestant and a microphone audio quality that produces clear and crisp sound.

- C.** A strong internet connection. Run a free internet speed test here: [click this link](#).
(**Recommended** 50Mbps Down, 10Mbps Up | **Minimum** 3Mbps Down, 0.3Mbps Up)

LIVE STREAMING TECHNOLOGY

- D.** The Zoom video conferencing platform will host the online spelling bees. Parents/contestants must use the Zoom registration links distributed to them to access the online competition.
- E.** Contestants must be punctual -- no contestants will be allowed to join the Zoom session after the event begins. Contestants are reminded that they are representing SBOC, their chapter, and their school in a public event, and should dress accordingly.
- F.** By registering for the Spelling Bee, you acknowledge that competitions and other SBOC events in which you participate may be recorded and broadcast, and consent to using your image for this purpose.

SETUP, LOCATION, & SURROUNDINGS

- G.** Contestants should set up in a space to participate that is private, well-lit, indoors; and try to avoid open spaces. Please inform others that you cannot be disturbed and ensure as little background noise and distractions as possible.
- H.** Contestants must be visible to the officials from the waist up including both hands at their sides. Contestants must be at least 1 meter (or arm's length) from the device screen and maintain eye focus on the camera while attempting to spell. They should ensure they are in a space where they can fulfill these requests.
- I.** All items that contain words should be removed from the room or covered up such that the words are not visible to the contestant. Please cover up items containing words with a non-transparent piece of cloth or blank board; use non-transparent tape on objects that cannot be removed.
- J.** A parent may be present to help the child set up for their turn. During the contestant's turn, that parent may be silently seated behind their child, visible from their waist up, including both hands, while following all the rules listed in this guide.
- K.** Parents or audience members are not permitted to help contestants during their turn, nor are contestants allowed to use any spelling aids, or else the contestant will be disqualified at the discretion of the officials. Possible reasons for disqualification include voices in the background, reading off of materials, using additional devices, turning off the camera, and looking off-camera while spelling.

TECHNOLOGICAL COMPETENCY

L. Contestants should ensure that there is proper internet quality throughout the competition such that there are no lags and glitches in the visual and audio recordings being captured. Contestants are encouraged to test-run their streaming quality on Zoom (for free) prior to the date of the competition.

M. At no point can the contestant's camera or audio be inaccessible to the officials during the competition. Video or audio errors may be considered reasonable cause for disqualification. Specific technological errors may be forgiven on a case-by-case basis at the discretion of the Arbiter, but repeated issues may result in disqualification. Although we try to support contestants' participation to the best of our ability, we unfortunately cannot wait on all of the technical issues that may arise to be resolved.

N. Wired headphones may be used, but wireless headphones are not permitted. Contestants should ensure that their device is plugged in during the competition.

O. A spelling that is inaudible to the officials may be ruled incorrect. Particularly with Zoom, contestants should remember to speak slowly, loudly, and clearly. An external microphone can also be used to improve audio. At the discretion of the officials, a contestant may be given the opportunity to repeat a spelling that was interrupted by audio difficulties, but these additional attempts are limited.

NOTE: These rules will only apply if the chapter has to switch to online competition due to any unforeseen circumstances. The decision will be communicated to you.

SPELLING GUIDELINES

1. Final consonant doubled

(a) A word ending in a single consonant preceded by a single vowel generally doubles the final consonant before a suffix beginning with a vowel, if it is a word of one syllable or if the accent falls on the final syllable of the original word: plan, planning, planned; refer, referring, referred; bid, bidding, bidden; acquit, acquitting, acquitted; commit, committing, committed. Exceptions: devil, devilish; benefit, benefited.

(b) When a word ends in L, the final consonant is usually doubled before a suffix: cancel, cancellation.

NOTE: Words ending in a single consonant preceded by a single vowel do not double the final consonant before a suffix beginning with a vowel if a shift of accent results from addition of the suffix: prefer, preference; confer, conference.

2. Final E

(a) Words ending in a silent **E** usually drop the **E** before a suffix beginning with a vowel; dine, dining; trouble, troubling, subdue, subduing; desire, desirable.

Exceptions: dyeing, singeing (to distinguish from dying and singing), shoeing, canoeing

(b) Words ending in silent **E** generally retain **E** before a suffix beginning with a consonant: complete, completeness; enforce, enforcement; vague, vagueness; manage, management, engage, engagement; use, useful; care, careful.

Exceptions: argument, truly, ninth

3. Final Y

(a) Words ending in **Y** preceded by a consonant change **Y** to **I** before a suffix: heavy, heaviest; lively, livelihood; salary, salaried; necessary, necessarily.

(b) Words ending in **Y** preceded by a vowel generally retain **Y** before a suffix: annoy, annoyance, annoying; journey, journeyed; gay, gayest.

4. Final C

Words ending in **C** with the hard sound of **K** – add **K** before **I**, **Y** or **E**;
picnic, picnicking; panic, panicky; traffic, trafficking; mimic, mimicked.

5. Final N

Words ending in **N** retain the **N** before the suffix – ness; Sudden, suddenness; clean, cleanness; keen, keenness.

6. Words with IE and EI

An easy way to remember the rule for **IE** and **EI** is to learn the following rhyme:

I before E, Except after C, Or when sounded like A

As in neighbour and weigh. e.g. believe, reprieve, receive

7. Words with ABLE and IBLE

In writing the adjectival form of certain words there are no definite rules but the following guides may be helpful. Words ending in –ation, usually take the suffix **ABLE**; duration, durable; adaptation, adaptable; words ending in –sion or –tion usually take the suffix **IBLE**; division, divisible; permission, permissible; destruction, destructible.

8. Words prefixed by DIS or MIS

When the prefix **DIS** or **MIS** is added, no change is made in the original word. A double S occurs only where the original word begins with S: disappear, misdirect, dissatisfied, disrobe, misbelieve, misspelled.

9. Plurals

(a) When a noun ends in **Y** preceded by a consonant, the plural is formed by changing **Y** to **I** and adding **ES** (to the singular): variety, varieties; monopoly, monopolies.

(b) When a noun ends in **Y** preceded by a vowel, the plural is formed by adding **S** to the singular: holiday, holidays; journey, journeys; attorney, attorneys.

(c) When a noun ends in **O**, the plural in most cases is formed by adding **S** to the singular: piano, pianos; ratio, ratios. Sometimes the plural is formed by adding **ES** to the singular: potato, potatoes; veto, vetoes.

(d) When a noun ends in **F** or **FE** the plural in most cases is formed by adding **S** to the singular: sheriff, sheriffs; plaintiff, plaintiffs; staff, staffs; safe, safes. Sometimes the plural is formed by changing **F** or **FE** to **V** and adding **ES**: knife, knives; shelf, shelves.

(e) The plural is formed in some nouns by a vowel change instead of by the addition of a suffix: goose, geese; man, men; mouse, mice; foot, feet.

(f) Some words retain their original Greek or Latin plural forms. The singular and plural forms are given here: analysis, analyses; basis, bases; phenomenon, phenomena; parenthesis, parentheses; hypothesis, hypotheses.

(g) Some nouns are rarely if ever used in the singular: annals, athletics, clothes, nuptials, and scissors.

(h) In compound nouns the plural is usually added to the last member, but sometimes the first member: passerby, passersby; son-in-law, sons-in-law; coat-of-arms, coats of arms; court martial, courts martial.

10. Alternative Spelling

In competition, spellings that are thought to be “American” will be accepted so long as they are recognized in Dictionary.com.

A NOTE REGARDING THE WORD LIST

WORD SELECTION

The Spelling Bee of Canada’s word selection committee was responsible for the **Primary** category word list. The spelling of each word was verified with Dictionary.com

PARTICIPANTS

For each word, this word list provides alternative spelling(s), pronunciation(s), the part of speech, one or more definitions and a sentence to show the use of the word. In competition, however, contestants will be tested only on the spelling and need to know only one form; the additional information is given only to help the contestant learn the word.

MESSAGE TO OUR SPELLERS

Dear Spellers,

Welcome to this year's 39th Spelling Bee of Canada season! As you open this study guide, remember that every word you learn is a building block toward your success. Preparing for the Bee is not something you do alone—it takes the encouragement of your family, the guidance of your teachers, and the support of your peers.

Our theme this year is Collaboration: Stronger Together Through Words. Just like the bees in a hive, each of us contributes to something greater when we work together. Whether you're practicing with a parent, studying with a friend, or cheering on a fellow competitor, you are part of a community that believes in the power of words.

We are proud of the hard work and dedication you bring to this journey. May this guide help you grow in confidence, knowledge, and teamwork.
